

George Latimer
County Executive

Sherlita Amler, M.D.
Commissioner of Health

Date: January 17, 2014
To: X-Ray Equipment Permittees
From: Westchester County Department of Health

Your facility is due for a mandated x-ray equipment inspection. These inspections are mandated by the Westchester County Sanitary Code to assure the safety of your staff and your patients and to verify that the equipment is operating safely.

Please instruct your office staff to cooperate with us when your office is contacted by a health department sanitarian to schedule an inspection. We know your time is valuable and we will do our best to minimize the interruption to your schedule and will work with your staff to select a mutually convenient time when we call.

At the conclusion of the inspection, you will be provided with a bill for the inspection. The inspection fee must be paid within 30 days.

Failure to comply by agreeing to an inspection or paying the fee may result in administrative action and associated penalties.

We thank you in advance for your continued cooperation. Should you have any questions concerning the inspection, please contact Natasha Court, PE, at 914-813- 5149.
