

NOTICE

DATE: December 15, 2008

TO: DESIGN PROFESSIONALS

FROM: Westchester County Department of Health

**RE: DEPARTMENT OF HEALTH APPROVAL REQUIRED FOR
ALL OWTS REMEDIATIONS EFFECTIVE IMMEDIATELY**

Please be informed that effective immediately all Onsite Wastewater Treatment System (OWTS) Remediations require prior written approval from the Department in accordance with Article VIII, Section 873.726(D) of the Westchester County Sanitary Code.

This requirement results from amendments to Article VIII of the Westchester County Sanitary Code effective November 7, 2008.

Please find attached applicable Westchester County Rules and Regulations also effective November 7, 2008.

Other Code amendments effective on November 7, 2008, include provisions that require prior written approval from the Department for any change of use at a commercial or institutional building or structure; **and** require prior written approval for any major expansion of an existing residential building or structure.

A link to Article VIII of the Westchester County Sanitary Code, which includes further details and all amendments effective November 7, 2008, may be found on the Department homepage at <http://www.westchestergov.com/health/default.htm>.

For more information, please contact the Westchester County Department of Health Mount Kisco District Office at (914) 864-7333.
