

# **Tri-County HIV/AIDS Resource Directory of Service Providers**

SERVING WESTCHESTER, ROCKLAND AND PUTNAM COUNTIES

*Revised Spring 2011 Edition*

Westchester County Department of Health  
145 Huguenot St., 8<sup>th</sup> Floor  
New Rochelle, NY 10801  
[www.westchestergov.com/health](http://www.westchestergov.com/health)

## **HOW TO USE THE RESOURCE DIRECTORY**

The Resource Directory is divided into three main sections: **Service Index by County**, **Agency Profiles**, and **Service Definitions**.

The **Service Index by County** lists each agency providing services in any of 16 major service categories. An agency is listed in each county served under the major service category provided to residents of that county.

The **Agency Profiles** include icons to help identify the types of services an agency provides. The Profiles list contact information for each service site and program details such as languages spoken by staff and any eligibility requirements.

The **Service Definitions** list sub-service components of each major category heading. The Food category, for example, is broken out by food bank/pantry, food stamps, food vouchers, etc. An agency is listed in the Food category if it provides at least one of these direct food service sub-components or assistance in obtaining the service.

To facilitate a search, page numbers are interactively linked in the online version of the Directory which is located on the Web as an Adobe Acrobat PDF file at [www.westchestergov.com/health](http://www.westchestergov.com/health).

To locate a geographically convenient food bank/pantry, for example:

1. go to the **Table of Contents** on the next page;
2. click on the Food category page number;
3. click on an agency name by county to view its profile and details about the type(s) of food sub-services provided; or
4. go directly to a specific service category county page using the bookmarks on the left side of the webpage.

For additional agencies and services not listed in the Resource Directory, see United Way's website <http://www.hudson211.org>. Click on the Directory of Services tab on the home page and then search by keyword and zip code.

## **ACKNOWLEDGEMENTS**

This publication is supported with 100% of federal funding made possible by grant number H89HA00015 from the U.S. Department of Health and Human Services, Health Resources and Services Administration, under Part A of the Ryan White HIV/AIDS Treatment Extension Act of 2009 which is administered locally by the Westchester County Department of Health. Information provided in the Resource Directory was furnished in response to a survey of 22 established HIV/AIDS service providers sited in Westchester, Rockland and Putnam counties which was developed with the assistance of the Tri-County Ryan White Part A Steering Committee.

For inquires or comments about the Resource Directory, e-mail [TJP1@westchestergov.com](mailto:TJP1@westchestergov.com) or call 914-813-5047.

## SERVICE DEFINITIONS

### Case Management

**Home-based:** Either non-COBRA or COBRA services provided primarily at the client's home instead of at an agency's fixed service site.

**COBRA:** Same as above, but Medicaid-reimbursable, and providing a more intense level of service due to family focus and special client needs pertaining to substance use and mental health issues.

**Non-COBRA:** Community- and/or hospital-based client-centered services, provided at an agency's fixed service site and/or at the client's home, coordinating medical and supportive care across a continuum.

### Community Advocacy / Planning

**Consumer Advisory Board:** Facilitate a network of community members including persons with HIV/AIDS, advocates, providers, family members, and others that provides input for an agency on service delivery needs and quality of care.

**Consumer Education & Advocacy:** Promote the participation of people with HIV/AIDS in the community planning process by hosting regular meetings, conducting trainings, or publishing and distributing related materials.

**Planning Group:** Facilitate commissions, committees, task forces and other groups that provide input on service needs for public and private organizations responsible for the procurement and delivery of HIV/AIDS Related services.

**Speakers Bureau:** Provide individuals willing to make presentations and promote public awareness and education about HIV/AIDS Related issues and services.

### Dental Care

**Oral Surgery:** Dental care which includes root canals, extractions and other more invasive procedures.

**Preventive/Palliative:** Provide regular oral exams and hygienic services as well as treatment of disease-specific oral problems requiring antibiotics, pain medication, and routine procedures such as fillings.

### Financial Assistance

**Cash/Emergency Funds:** Provide short-term payment for daily living needs, health insurance continuation, and/or medication until other long-term resources are accessed.

## **Food**

**Food Bank/Pantry:** Acquire food products through donations, canned food drives, food bank programs or direct purchase for distribution.

**Food Stamps:** Distribute coupons the value of which is exchanged by clients for food items and related household supplies at participating grocery stores.

**Food Vouchers:** Purchase and distribute vouchers the value of which is exchanged by clients for food items and related household supplies at participating grocery stores.

**Home-Delivered Meals:** Prepare and deliver hot and cold meals, food items and/or nutritional supplements to clients and their family members at home.

**Nutritional Counseling:** Provided by a registered dietitian or other credentialed professional outside of a primary medical care setting.

**Soup Kitchen/Congregate Meals:** Provide nutritious group meals in a safe, social environment.

## **Health Care**

**Adult Day Health Care:** Provide comprehensive care to persons infected with HIV/AIDS and to their families and significant others. Adult Day Care focuses on programs that help people remain in their communities while enhancing their quality of life. These programs provide a variety of services, e.g., specialized health and mental services, nutritional counseling and meals, holistic progressive services, and HIV prevention and education.

**Clinical Trials:** Furnish information to patients about research studies on the safety and effectiveness of new drugs and other treatments in the experimental phase.

**Complementary/Alternative Therapy:** Provide care and treatment options, such as massage, acupuncture, and homeopathy that fall outside the more traditional standards of medical practice.

**Home Health:** Provide services in the home usually by licensed health care workers such as nurses.

**In-patient Care:** Provide hospital-based care requiring an overnight admission.

**Nursing Facility:** Provide health and personal care by a nursing staff over an extended period of 30 days or more, and at a level less than provided in an inpatient acute care setting.

**Nutritional Counseling:** Provided by a registered dietitian or other authorized professional within a primary medical care setting.

**Outpatient Care:** Provide professional diagnostic and treatment services rendered by a physician, physician's assistant, clinical nurse specialist or nurse practitioner in an ambulatory (non-inpatient) setting usually at a hospital clinic or community health center.

## **Housing**

**Congregate:** Long-term group residences shared by people living with HIV/AIDS and sometimes other disabilities, supported by rent and utility assistance and one or more service components such as case management and mental health counseling.

**Emergency Shelter:** Temporary residence, usually in a group setting with shared sleeping, bathroom and kitchen facilities, for individuals and families evicted or displaced from their homes due to domestic violence or other crisis-related issues.

**Rent Assistance:** Short- or long-term, full or partial monthly payments for individuals and families at-risk for eviction.

**Scattered site:** Individual apartments spread throughout the community, often owned or leased by AIDS service organizations, which are supported by rent and utility assistance and one or more service components such as case management and mental health counseling.

**Search/Placement Assistance/Referral:** Provides help in finding and securing permanent safe and affordable housing.

**Transitional:** The temporary placement of individuals and families evicted or displaced, often with accompanying household skills-building services, until permanent safe and affordable housing can be found.

**Utility Assistance:** Short- or long-term, full or partial monthly payments for individuals and families at-risk for having electricity, gas or phone service discontinued.

## **Legal / Client Advocacy**

**Discrimination Assistance:** Services regarding unfair or denied treatment or benefits based on perceived differences in HIV status, age, sex, race, or ethnic origin, nationality, religion, disability, sexual orientation, or marital status.

**Eviction Prevention:** Services regarding wrongful expulsion from a place of residence.

**Legal/Court Representation:** Services regarding powers of attorney, do-not-resuscitate orders, wills, trusts, bankruptcy proceedings, and interventions necessary to ensure access to eligible benefits and health and social services, including breach of confidentiality litigation.

**Permanency Planning:** Services, including wills, power-of-attorney and living trusts, pertaining to the placement, adoption and care of children whose parents or guardians are deceased or too ill to care for them.

## **Mental Health**

**Assessments:** Interview(s) with a mental health professional (therapist) to gather psychosocial information, including, historical data relating to the causes of the presenting issues, family dynamics and developmental issues that are essential to the formulation of a treatment plan and to determine whether a psychiatric evaluation is warranted.

**Family Counseling & Therapy:** Same as Individual Counseling & Therapy, but provided in a group setting where issues common to all members are addressed.

**Group Counseling & Therapy:** Same as Individual Counseling & Therapy, but provided in a group setting where issues common to all members are addressed.

**Individual Counseling & Therapy:** Psychological and psychiatric treatment and counseling conducted by a licensed or authorized professional for individuals with a diagnosed mental illness.

**Psychotropic Medication:** Medications prescribed by a psychiatrist or other medical doctor licensed or authorized to prescribe medications as treatment for diagnosed psychiatric illnesses. The purpose of psychotropic medication is to affect psychic function and behavior.

**Support Group:** Meetings facilitated by trained peers during which issues and experiences common to the members of the group are disclosed and shared. With the guidance of the facilitators members provide feedback and support in an effort to develop coping strategies and validate individuals' feelings.

### **Outreach / Early Intervention**

**Case-Finding/Referral:** Same as General Presentations, but one-to-one engagements as occur often in street settings.

**General Presentations:** Provide information in a group setting in order to identify people who know they are HIV-positive but are not currently in medical care, or to identify those at risk or unaware that they have contracted HIV, so that they may enroll in regular HIV primary care and treatment regimens.

**HIV Counseling/Testing:** Provide HIV antibody testing accompanied by pre- and post-test information, emotional support, and referrals for HIV/AIDS related services.

**Referral:** Arrange for health and/or supportive services appointments at other agencies or at other units within the agency's facility.

**Referral to HIV Partner Services:** Provide the local health department with the names, furnished by the HIV-positive client/patient, of sex- and needle-sharing partners who may have been put at risk for contracting HIV.

### **Prevention / Education**

**HIV Counseling/Testing:** Provide HIV antibody testing accompanied by pre- and post-test information, emotional support, and referrals for HIV/AIDS related services.

**Hotline:** A telephone resource for HIV/AIDS Related information including testing, service referrals, and short-term supportive telephone counseling.

**Prevention Case Management:** Community-based client-centered coordination and harm reduction support for individuals at risk for transmitting and acquiring HIV.

**Prevention for Positives:** Same as Health Education/Risk Reduction above, but specifically targeted to those already aware of their HIV-positive status in order to reduce the risk of HIV transmission or re-infection and avoid exposure to other communicable diseases.

**Referral to HIV Partner Services:** Provide the local health department with the names, furnished by the HIV-positive client/patient, of sex- and needle-sharing partners who may have been put at risk for contracting HIV.

**Speakers Bureau:** Provide individuals willing to make presentations and promote public awareness and education about HIV/AIDS Related issues and services.

### **Substance Use Treatment**

**Methadone Maintenance:** Dispense controlled, gradually reduced dosages of methadone, an addictive synthetic opiate that prevents the symptoms associated with heroin withdrawal, in order to support the efforts of heroin users to abstain.

**Outpatient:** Medical treatment including counseling to address alcohol and other drug use problems provided in an ambulatory (non-inpatient) setting usually at a hospital clinic or community health center, and rendered by a physician or staff under a physician's supervision.

**Residential:** Short-term treatment to address drug use problems provided in an inpatient health service setting.

**Support Group:** Groups of individuals with substance use histories who meet together on a voluntary basis for mutual support by sharing their experiences, strengths and hopes.

**Syringe/Needle Exchange:** Provide clean needles, bleach kits for sterilizing drug use paraphernalia, condoms and other materials to substance users to reduce further harm and the spread of HIV.

### **Support Groups / Services**

**Educational Forums:** Group presentations made by peers or professionals in which information is provided about treatment, benefits, services and other HIV-related supports.

**Pastoral Counseling:** Therapeutic interventions to help people relate to and resolve their problems and concerns in the context of their religious beliefs.

**Peer-led Groups:** Groups of individuals who share a common problem or concern and meet together on a voluntary basis for mutual support by sharing their experiences, strengths and hopes.

**Professionally-led Groups:** Same as above, but led by a credentialed facilitator.

**Therapeutic Camp:** Residential or day camp facilities that provide an opportunity for children who have developmental disabilities, emotional disturbances or health impairments to enjoy a cooperative living experience in the out-of-doors.

### **Transportation**

**Metro Card:** Distribute pre-printed cards of varying values which are swiped at a public bus or train entry point to pay for a ride.

**Public Transit Token/Voucher:** Distribute tokens and vouchers to the general population with HIV/AIDS (not just the provider's own clients) to be exchanged for rides to health and supportive services appointments.

**Taxi/Van/Car Service:** Arrange rides with participating transportation companies for the general population with HIV/AIDS to health and supportive services appointments.

### **Treatment Education / Adherence**

**Educational Forums:** Presentations to introduce and educate the community about treatments and strategies for remaining adherent to them.

**Individual Education/Counseling:** Same as above, but on a one-to-one basis.

**Treatment Support Groups:** Group counseling to ensure readiness for and adherence to complex HIV/AIDS treatments.

### **Vocational Training**

**Interview Coaching/Resume Development:** Provide techniques and training on how best to present in a job interview and how to draft and capitalize on a well-structured resume.

**Job Search & Placement:** Provide assistance with finding job opportunity sources and networks in order to help place a candidate in a new vocation.

**Skills Training:** Provide the client with career- or job-specific education and training in order to develop a more marketable skill set.
