

What Must be on the Informational Sign?

Cont...

(ii) must be in place before the pesticide is applied and must instruct persons not to enter the property and not to remove the signs for a period of 24 hours .

(iii) such instructions must be printed in letters at least three-eighths of an inch in height.

We recommend that you notify your neighbors prior to the application of pesticides so that they may take precautions to avoid pesticide exposure.”

Example of sign:

Pesticides, although useful tools to control pests, may pose certain risks to the applicator and other non-targeted beneficial organisms. To help reduce such risks and to increase pest control effectiveness, state and federal laws require all applicators to strictly follow all pesticide label instructions and to only use these products on the sites and pests listed on the label.

New York State Environmental Conservation Law (subdivision 1 of section 33-1004) requires individuals who apply lawn care pesticides to their residential properties within this county to post visual notification markers along the perimeter of any treated area of over 100 square feet.

Visual notification markers must be placed to be clearly visible to passers immediately outside the treated perimeter; and

(i) must be posted at least 12 inches above the ground and be at least four inches by five inches in size, and

(ii) must be in place before the pesticide is applied and must instruct persons not to enter the property and not to remove the signs for a period of 24 hours.

(iii) such instructions must be printed in letters at least three-eighths of an inch in height.

We recommend that you notify your neighbors prior to the application of pesticides so that they may take precautions to avoid pesticide exposure.

Enforcement and Penalties

The Neighbor Notification Law will be enforced by the Westchester County Department of Health and the New York State Department of Environmental Conservation.

The penalties set forth for retailers in the Neighbor Notification Law are up to a maximum of:

- a written warning and educational materials for the first violation;
- a \$100 fine for the second violation;
- a \$250 fine for the third and subsequent violations.

These penalties may be levied only after a hearing or opportunity to be heard.

The Neighbor Notification Law for Retailers

What you need to know before selling pesticide products in Westchester County

DEPARTMENT OF HEALTH
Sherlita Amler, MD, Commissioner

The Neighbor Notification Law*

Retailers that sell general use pesticides must post an informational sign as close as possible to each display location of such pesticides.

***The Neighbor Notification Law of 2000, formally known as chapter 285 of the Laws of 2000, added new provisions to Title 10 of Article 33 of Environmental Conservation Law (ECL), regarding posting of visual notification markers for residential lawn applications, posting of signs at certain retail establishments, and mandating neighbor notification of certain commercial lawn applications. The Neighbor Notification Law became effective on March 1, 2001.**

What does the law require for Retailers under the Neighbor Notification Law?

Any retail establishment that sells general use pesticides labeled for commercial or residential lawn application uses must post in a conspicuous place as close as possible to each display location of such pesticides the informational sign required by the Neighbor Notification Law. Information on the sign must be printed in letters at least 16 point bold type against a brightly colored background.

How can I Get a Copy of the Required Informational Sign?

Copies of the sign are available through the following locations. Additional signs may be photocopied on brightly colored paper or you may make your own sign using only the language to the right on brightly colored paper.

- Local Town or City Hall
- Libraries
- Westchester County Department of Health District Offices
- Westchester County Department of Health Website www.westchestergov.com/health
- The Westchester County Department of Health, 145 Huguenot Street, New Rochelle, NY 10801 (914) 813-5000
- The Westchester County Office of Consumer Protection, 112 East Post Road, White Plains, NY 10601 (914) 995-2155.

What Must be on the Informational Sign?

The following wording MUST appear on the informational sign:

“Pesticides, although useful tools to control pests, may pose certain risks to the applicator and other non-target often beneficial organisms. To help reduce such risks and to increase pest control effectiveness, state and federal laws require all applicators to strictly follow all pesticide label instructions and to only use these products on the sites and pests listed on the label .

New York State Environmental Conservation Law (subdivision 1 of section 33-1004) requires individuals who apply lawn care pesticides to their residential properties within this county to post visual notification markers along the perimeter of any treated area of over 100 square feet.

Visual notification markers must be placed to be clearly visible to persons immediately outside the treated perimeter; and

(i) must be posted at least 12 inches above the ground and be at least four inches by five inches in size, and
